**Reference to service sires:**

**1510/A0003 - Red Cottage**

*Sire 584/Z010 Middle Dykesfield purchased Carlisle 2008, has grown into a tremendous ram, and produced excellent gimmers. He was sold Builth Wells 2010 where he won 1<sup>st</sup> prize in the pre sale show for older rams.*

**1070/Y001 – Cernyw**

*Sire 1070/T001 Cernyw E+. Y001 is one of the most widely used rams in Wales and beyond. He is one of the very rare rams that's seems to click well with most flocks that he has been used on and the Grugoer flock is no exception as this year is the third year that he has been used on. The flock and his influence can be seen on most of the ewes that are offered for sale today.*

**2188/B001 - Grugoer**

*Sire 1070/Y001 Cernyw. B1 is the son of the above and was one of the best rams that was produced with a tremendous strength and body and did very well in the show circuit during 2009 and 2010 winning 1<sup>st</sup> prize in most of the shows he competed at in 2011. He was sold as a stock ram together with a large part of the flock to W&C Ingram of Logie Durno. B001 is in the top 5% of the breed for scanning maternal ability and litter size, top 10% for mature size. Some semen from him has been exported to the USA & Canada.*

**1070/C0015 – Cernyw**

*Sire 1939/X018 Hazelwood. C15 had the top recorded index as a lamb in 2010. He has a tremendous bone, body and power. He was bought by the sire reference scheme in 2010 to be used by the recorded flocks. He was used on a large proportion of the flock that was sold to Logie Durno last year, plus on what stock we had left with excellent results. Hence why we have used him strongly again this year where the combination of him and the strong influence of 1070/Y1 will bare strong fruits.*
